

# MAKE. BELIEVE.

## A Turnpike Gallery Project

MAKE. BELIEVE. is a two-year ACE funded programme of creative activity led by The Turnpike Gallery, designed to reach new audiences, address inequalities in our community and co-create new artworks in Wigan & Leigh.

The project is woven together in three strands which will come together in the Make. Believe exhibition in May 2026, celebrating the creative imagination of our communities.

### Community led engagement project with Higher Folds residents

We will deliver a programme of participatory arts and creative storytelling in partnership with HF Works CIC & Resilient Cities Network. Higher Folds estate in east Leigh is an isolated, often misunderstood community and an area of significant deprivation (top 8% in UK). Residents tell us they 'just want to be given a chance'. There is a wealth of creativity within the neighbourhood - from the outsider art of individuals to the collective folklore stories of Marble Woods, the Monkey Tree and the epic tree house created by a local resident out of recycled materials.

### Creative participation and learning with Wigan borough communities

For our wider community workshops, we'll explore a similar DIY approach to creative making. Taking a cue from the Turnpike Print Collection, with works by artists such as David Hockney and Patrick Caulfield, we will share different printmaking methods and innovative techniques to encourage people's creativity through a touring workshop programme.

### Local Artist and Organisational Development

The programme will be anchored by professional development opportunities and paid work for artists, including the creation of a peer advisory group for The Turnpike Gallery to share sector learning, ensure relevance and quality and raise our ambition.

## The Project Team

The Turnpike Gallery is an arts and exhibition space based in Leigh and managed by Wigan Council. Our small team run an ambitious and dynamic visual arts programme rooted in our local community. We deliver quality cultural activity through collaboration with local people, platforming youth voices and nurturing new connections in the town of Leigh, the Wigan borough and beyond.

HF Works CIC is a community-led organisation dedicated to empowering young people and supporting families living on Higher Folds housing estate. They provide a safe space for growth and development to raise aspirations and break the cycle of low expectations.
